

# SZ SERIES

## SZ WATERPROOF WASHER

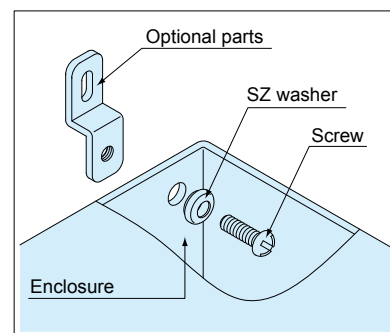

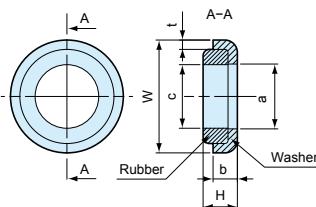

### ■ Technical data ■

Water pressure resistant :  
0.98Mpa / 1h

### Optional parts

#### FEATURE

- Usable as seal when screwing.
- NBR (N type) = Oil resistance.
- Silicone Rubber (S type) has a wide operating temperature range and resistance to heat, cold and water.

#### Part no. / Dimensions

Sales unit = 1pcs
