Notice

FCW · FCWS (custom size) series

Changes to Open-Closing Panel Finish

■ **Affected models :**

- All FCW and FCWS (custom size) series of BB color type.
(Both Normal type and Key lock type)
- Changes: Edge area of Open-closing panels will be non-anodized (base material will be exposed).

Current finish

Open-Closing Panel

New finish

- Purpose : To ensure consistent quality throughout.
 - Non-anodized edges will not be visible when closed.
 - Panel protection pad will be discontinued.
- Effective date : Once present stock has run out. For custom size orders (FCWS), changes will take place from orders received after October 9, 2019.
- Note : There will be no changes to product number, color, or pricing.
